Things are bad. Very bad. When Nick Wilson wakes up to find himself stripped naked, chained to a wall and about to be tortured, the only thing that gets him through his ordeal is the thought that things couldn't get any worse. Until they do. Much worse. Now he finds himself racing against the clock, trying to free himself--and the others--before their captors return. And if Nick doesn't get them out in time, they're going to make their screen debut in a snuff film. It's going to be a hell of a night. This short novel is perfect for fans of J.A.

Konrath and Blake Crouch. Also contains an excerpt from Allen's title Overbite.
