What you know determines how far you go. The same applies to the Christian life. There are spiritual truths that God wants you to absorb fully. REBORN presents ten such vital spiritual truths that every believer must know. And now with this companion workbook, you can study these truths in depth and derive full benefit from them. The workbook/devotional uses the content of the book to guide you in a day to day study that will enhance your understanding of God's Word. Each day's study includes 'quotes' from the book, questions and prayer points, mostly fresh content not included in the book. There is also a journal page for detailed personal notes.

This workbook/devotional can be used as a standalone resource but is best combined with the book itself for more exhaustive explanation of the different concepts presented. As you go through each day's study, you will quickly see the difference in your spiritual life. The workbook comes in 3 formats, 7day, 15day and the full 30day devotionals.
