Please note: The fastest time I have personally helped someone to double their reading, using the techniques mentioned in this book, took 20 minutes. (This may or may not apply to you the same way!) But apply these techniques and using the SECRET FREE TOOL and you are guaranteed to see significant speed increase to your reading, day one. Speed Reading Exercises: Scientifically Double Your Reading Speed in 20 Minutes the Tim Ferris Way! Secret Tool Inside Did you know that for the average person the reading speed ranges from about 200-300

words per minute. This is fine if you are reading leisurely and have a lot of time on your hand.

However, unfortunately, most of us are short on time. We have to turn in our assessments and assignments or learn within a short timeframe. A quicker reading speed could definitely help us get more work done in a short time or just read more books if you're an avid reader. With this common problem in mind, many reading exercises were developed. This book extensively covers all the easy yet effective reading exercises you can undertake to double your reading speed in a very short period of time. All of these exercises are backed by scientific facts. The science behind reading was first understood and then these exercises were established. Many people have practiced and benefited from these exercises and so can you. Read on to learn to double your reading speed in no time!
