The Descendants have faced tough odds before, but they're about to face a crisis.

Morganna returns with help from another world; monsters that make the Mayfield Mauler look like an old friend. And even if they weather this storm, the world has even more in store for them, from Evil Warrick, to an upstart villain team, to a love-sick reality warper. They are heroes. They are people. This is their story. Styled after works from the Bronze Age of Comic Books, The Descendants is presented in a unique manner: as an all-prose comic book complete with issues, specials and annuals, each telling a complete story that ties into the overall tale of the titular superheroes. It is also written as a throwback and love letter to an earlier age of superheroes, to a time

before everything was grim and gritty and when comic books were fun. Collects Issues #20-24, Descendants Special #2, and Descendants Annual #2 from the web serial The Descendants by Landon Porter. Start from the very beginning with We Could Be Heroes (Descendants Basic Collection, #1)
